Product Description

VAERTA® is one of the leading **Aluminum Control Arm** manufacturers and suppliers in China. VAERTA® adhering to the "mutual benefit and win-win" business philosophy. VAERTA® as R & D, manufacturing and sales integration of auto parts brand, its developing products always at the leading edge. It constantly creates new value for customers. It has formed a good market development and marketing system. VAERTA® products are sold all over the world such as: Germany, the United States, the United Kingdom, Brazil, Italy, Southeast Asia and other countries and regions.

Auto Ball Joint Advantages:

The Auto Ball Joint mounted on the control arm is one of the most easily damaged parts on the chassis of a car, most suspension ball heads, including the original parts, do not guarantee long-term stable performance. VAERTA® 20 years of brand, OEM quality, mature operation system, one-stop logistics and all-day service. We Choice high quality steel, corrosion resistance, longer service life, nice comfort. With excellent quality, the company has been praised by domestic peers and customers at home and abroad.
